Dear Billy McFarland,

Freedom of Information request: Right to know request

Thank you for your request concerning a list of amateur radio call signs where the format doesn't fit the licence class. Your request was received on 4 September 2023 and we have considered it under the Freedom of Information Act 2000 ('the FOI Act').

Your request

On your FOI response dated 21/08/23 reference 01649066 you have provided a list of current issued amateur radio call signs and licence class.

M5SHA is listed as a foundation licence but takes the format of a full amateur licence holder. This goes against your own licence class policy.

Please provide a list of all call signs similar in nature where the call sign format issued does not fit the licence class issued.

Our response

In considering your request we have noted Section 84 of the FOI Act which defines "information" as "information recorded in any form" and guidance from the ICO which confirms that we are not required to create information for the purposes of complying with a request for information under the FOI Act. We are unable to provide the information requested as we do not record it in this way.

However, some call sign and licence class information is available via our [website](#). Please select "Amateur radio callsign allocation". On this page, you can browse the list and you may be able to identify the information sought under this request.

If you have any further queries, then please send them to information.requests@ofcom.org.uk quoting the reference number above in any future communications.

Yours sincerely
